CASIO

EXILIM EX-ZS6

HIGHLIGHTS

16.1 megapixels
The CCD chip with 16.1 megapixels does not only allow you to take brilliant photos, but also edit, enlarge and print out sections of a photo - in outstanding quality and with no loss of image detail.

5x optical zoom
It's easy to zoom in on those special moments: The 5x optical zoom brings distant subjects right up close.

26 mm wide-angle lens
Whether for landscape photos, tourist sights or group pictures in confined spaces: the 26 mm wide-angle lens* makes the EX-ZS6 your perfect companion whatever the occasion.

6.9-cm (2.7-inch) TFT colour display
The large 6.9 cm (2.7 inch) TFT colour display completes the design of the EX-ZS6. It takes up the entire reverse of the camera, ensuring an exact view of all subjects, stored photos or films.

HD video recording
Using the HD Movie Function in the EXILIM EX-ZS6, you can make colourful and high-detail videos with a resolution of 1280 x 720 pixels** - simply press the movie button and recording begins.

Easy mode
In the EX-ZS6 Easy Mode, you can take outstanding photos in any situation - without worrying about presettings or applying the wrong settings by mistake.

Self Portrait Auto Shutter
The Self Portrait Auto Shutter function enables the camera to recognise faces. Once the release button is pressed, the camera prepares to take the photo and automatically does so once the faces of the subjects are located within the frame.

The EXILIM EX-ZS6 is available to buy from specialist dealers, shopping centres, electrical goods stores and all good shops.

*equivalent to 35 mm film **Max. recording duration of 29 minutes/video
